

TORPEDO FACTORY ART CENTER VISITING ARTIST PROGRAM

A program offering emerging and experienced artist residencies for one, two, or three months in the Torpedo Factory Art Center
June, July, and/or August, 2012
Juror: Paula Amt

CALL FOR APPLICANTS

Application Deadline: February 15, 2012

ABOUT THE TORPEDO FACTORY ART CENTER

The Torpedo Factory Art Center is one of the largest visual art centers in the U.S. and is home to more than 140 visual artists working in 82 studios. Artists create in a wide variety of media including painting, fiber, jewelry, ceramics, printmaking, cast and stained glass, photography, and sculpture.

The Torpedo Factory is open to the public from 10-6 everyday except Thursday, when it stays open until 9 pm. Visitors are invited and welcomed into studios to enjoy the art, watch artists at work, ask questions, and purchase original art – allowing the public an opportunity to share in the excitement and fascination of the creative process.

ABOUT THE VISITING ARTIST PROGRAM

The Visiting Artist Program residency is intended as a professional development opportunity for emerging and experienced visual artists, and to expose visitors to exciting artists and projects.

Applicants may apply for a one, two, or three month residency period.

The projects undertaken by Visiting Artists for this self-directed, creative residency must be compatible with available working studio spaces and facilities.

The Visiting Artist will have the opportunity for informal collegial exchanges with Torpedo Factory artists. As part of the program, each Visiting Artist is also asked to conduct a workshop, give a lecture, or provide a demonstration, elaborating on his/her work. Visiting Artists will be able to display and sell original artwork, and will be provided with workspace.

Each Visiting Artist will pay one-half of the rent of the studio (amounts range between \$130 and \$400 per month for the Visiting Artist depending on the studio). The Torpedo Factory Art Center does not have any shared equipment or facilities. All expenses and arrangements related to art materials, equipment, transportation, housing or other requirements are the responsibility of the Visiting Artist.

ABOUT THE JUROR

Paula Amt is a painter and the owner of **gallery plan b** and **Framesmith DC**, both in Washington DC. She studied studio art and art history in Virginia and Paris. Paula has been active in the DC art scene since 1998, when she joined a co-op gallery on R Street. Her experience as a framer led her to work with many local artists and collectors. In 2000, she began showing small groups of artists in temporary locations in the DC area; in 2005 she established **gallery plan b** where she continues to search out and show the work of many talented artists.

ELIGIBILITY

The Visiting Artist Program is open to all emerging and experienced visual artists over the age of 21 who are not currently Torpedo Factory leaseholders [*Torpedo Factory Associates are eligible and selection will not affect Associate status*].

Applicants provide evidence of artistic accomplishment through submitted images and the application form.

By applying, applicants agree to: (1) work in front of, and interact with, the public; (2) work in the studio five days a week during the period of the residency (because most of our visitors come on the weekends, we request that Visiting Artist work on those days); and (3) commit to follow the Visiting Artist Program requirements.

SELECTION PROCESS

Selections will be made in a two-step process. The juror, Paula Amt, will review all applications and select a group of finalists who present evidence of artistic merit and promise based on submitted images and applications. The Visiting Artist Program Committee will then match as many finalists as possible to spaces available, taking into account the applicant's requirements, attributes of the specific studios available, and the goal of providing a range of media experiences to our visiting public.

Visiting Artists will occupy studios temporarily vacated by resident artists, and will have use of half of the display space and a dedicated work area. Because studios differ widely in size, configuration and features

(e.g., ventilation), and studios are not completely sealed off from each other, enabling sound and odor to travel widely throughout the building, it is important that applicants identify equipment and materials to be used during the residency.

Applicants will be notified of final decisions by April 1, 2012.

HOW TO APPLY

- 1) Complete an Application Form (available at www.torpedofactory.org/vap)
- 2) Create a CD with 15 JPEG images of work created within the last three years. Write your name, address and telephone number directly on the CD. Burn the CD for playing on both Macs and PCs. Each JPEG may be no larger than 1600 pix in any direction; the image resolution must be between 72 and 100 dpi. Each file must be less than 1MB and labeled with the applicant's last name, followed by first name initial and then a number (e.g., the images for Barbara Smith would be: smithb.1.jpg, smithb.2.jpg etc.).
- 3) Include a numbered list of the images provided on the CD that includes the name of the work, medium, dimensions, date, and price (if it was made for sale) of each entry corresponding to the images on the CD.
- 4) By **February 15 (date of receipt)** mail or deliver all materials to:

Visiting Artist Program
Torpedo Factory Art Center
105 North Union Street
Alexandria, VA 22314

There is no application fee. Please note that email entries are not accepted, and incomplete applications or unreadable CDs will not be considered. Applications and accompanying materials will not be returned. Images provided by selectees may be used for publicity purposes.

Please direct any questions to:

vap@torpedofactory.org

No telephone calls please.

4. The Torpedo Factory Art Center is open 10 am to 6 pm everyday except Thursday when it is open until 9 pm.

How much time will you spend in your studio? Please give your answer in the number of hours per/day and number of days per/week.

Hours per day: _____ Days per week: _____

Most of our visitors come on weekend days. Are you willing and able to work in the studio on Saturdays and Sundays?

Yes _____ No _____ Comments:

5. As noted in the "Call for Applicants," our studios differ widely in size, configuration and features (e.g., special ventilation), and our spaces are not completely sealed off from each other, enabling sound and odor to travel widely throughout the building. It is important that applicants identify equipment and materials to be used during the residency so we can make a good placement for the Visiting Artist and for the surrounding resident artists. Please identify equipment and materials you will use in your planned work, and identify any by-products your activities will create, such as noise, dust, vibrations. Do you use any mechanical equipment, heavy equipment, or toxic materials?

6. Visiting Artist Residencies are available for one, two, or three months. Please check the month(s) you are applying for:
