

The Torpedo Factory Art Center is one of the largest visual art centers in the U.S. and is home to more than 140 visual artists working in 82 studios. Artists create in a wide variety of media including painting, fiber, jewelry, ceramics, printmaking, cast and stained glass, photography, and sculpture. The Torpedo Factory is open to the public from 10-6 everyday except Thursday, when it stays open until 9 pm. Visitors are invited and welcomed into studios to enjoy the art, watch artists at work, ask questions, and purchase original art – allowing the public an opportunity to share in the excitement and fascination of the creative process.
